

## **The Team**

*The SOHO Team consists of hundreds of scientists, engineers, technicians, support personnel, operators and managers. The principal individuals who made the SOHO mission a success are leaders from NASA, ESA and industry. On behalf of the entire SOHO team are highlighted those who contributed most to its development, successful operation and recovery, and scientific exploitation:*

### **Science**

Roger Bonnet, Director of Science, ESA  
Paal Brekke, SOHO Deputy Project Scientist, ESA  
Vicente Domingo, SOHO Project Scientist, ESA  
Bernhard Fleck, SOHO Project Scientist, ESA  
Joseph B. Gurman, SOHO Project Scientist, NASA  
Martin C.E. Huber, Head of the Space Science Department, ESA  
J. David Bohlin, SOHO Program Scientist, NASA  
Arthur I. Poland, SOHO Project Scientist, NASA

### **Spacecraft Engineering**

Michel Bouffart, SOHO Project Manager, Astrium Toulouse  
Fabrizio Felici, SOHO Project Manager, ESA  
Rob Harris, AOCS Engineer, BAE Bristol  
Michel Janvier, AOCS Engineer, Astrium Toulouse  
Ken Sizemore, SOHO Project Manager, NASA  
Francis Vandebussche, SOHO Spacecraft Manager and Head of Recovery Team, ESA

### **Ground Segment**

Harold W. Benefield, Head of the Flight Operations Team, Honeywell  
Luis Sanchez, SOHO Science Data Coordinator, ESA  
Chris St. Cyr, Ground Segment Lead Scientist, NASA  
William D. Worrall, Ground Segment Manager, NASA
